these were items that have simply not sold in north america despite initial appearances on various book racks so i'm giving them away outside n a on the theory inside n a you could've had them years ago if you were really keen

this is the third last mailout in the old series of grOnk the news notes i prepared to go with this mailout when it was supposed to come out in the fall of 71 or whenever are hopelessly out of date i'm abandoning the idea of news notes i'll collate them & include them in the next mailout as an historical footnote if nothing else the INDEX should clear up some strange questions that've come drifting my way two corrections (or three) the GANGLIA postcard series has not yet appeared it will probably be a very one shot thing hopefully you'll mail them all away & keep the whole thing in circulation for years this is the news sheet to accompany the j(10th) mailout the others (as mentioned) with #11

please note the NEW ADDRESS of grOnk/GANGLIA press

which is

CANADADA

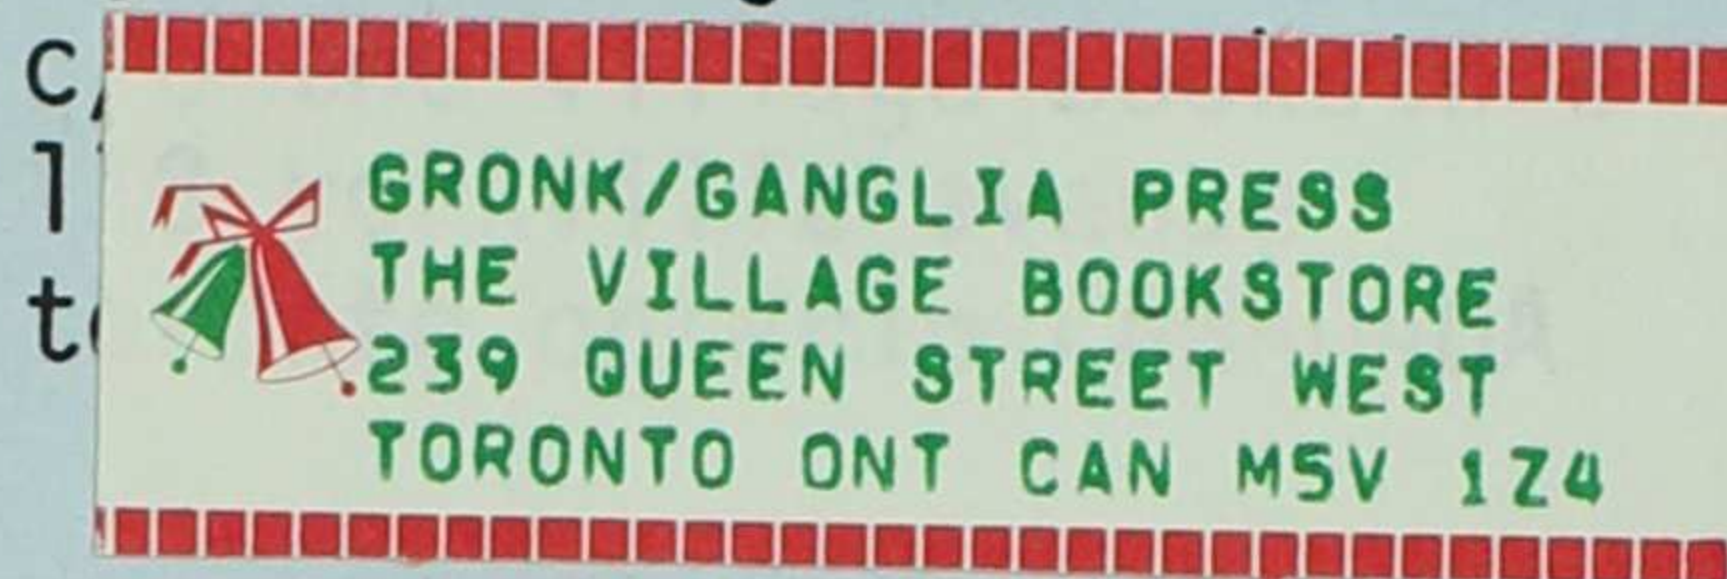

all the relevant news about the new

INTERMEDIATE SERIES appears on the other side of the sheet best bp

in response to a steady input of requests i'm going to handle subscriptions to the intermediate series of grOnk actually i'm doing this for one reason namely it will allow me to publish some things i can't publish otherwise however i am going to lay down a series of conditions for potential subscribers to grOnk

1) time gaps between issues of grOnk are enormous sometime as much as two years thus i am not interested in letters from subscribers demanding where their copies are its the main reason i ceased doing any subscriptions in the first place grOnk mainly functions as a free information service to get stuff into print from the language revolution in this country that will hopefully feed back into the general stream & help alter a few perceptual systems subscribers be warned there may be huge gaps of time between issues

2) i dislike making out forms in triplicate et al subscribers who send me a check & received a reply will please use that as their invoice (obviously this is mainly directed towards institutions

3) subscriptions are 10 dollars for individuals & \$12 for institutions for an 8 issue run

there are a couple of attractive things about being a subscriber however the second number in the INTERMEDIATE series is Steve McCaffery's BROKEN MANDALA xerox series which will be reproduced by xerox & will be going out to subscribers only as its too expensive a proposition to make up 200 plus copies also a tape (cassette) is planned which once again will go out to subscribers or special orders only things like that

the free list for grOnk will continue to function as a means of keeping in touch & circulating poems into the great beyond that hopefully get circulated even further

thus ends this description of how to subscribe to grOnk the first number of the INTERMEDIATE SERIES David McFadden's OVA YOGAS is already mailed others to follow
